THE THEATRES

POLI'S

Last times of "The Road to Yesterday" that exquisite fantastic drama at Poli's to-day and to-morrow.

"That 'Carnation Matinee' to-morrow afternoon at Poli's will be included one of those popular stage receptions after the final curtain, when the lady and children patrons will be welcomed to the stage by the entire company. Fragrant flowers will be distributed as souvenirs to the ladies.

A healthy advance sale at this early date indicates the interest with which the presentation next week of "Salomy Jane," Paul Armstrong's great Western drama is awaited. "Salomy Jane" is a play based upon the writings of Bret Harte.

SMITH'S

Rightly and rigidly recherche is the vaudeville bill which is being offered this week, the second in the special summer season at Smith's theatre. From A to Z it is bright and sparkling, with plenty to amuse that ever hungry public whose desire is to be tickled to death in the form of fun handed them. The management is leaving nothing untried to amuse his patrons the best vaudeville acts obtainable. His success is remarkable for traveling men and other visitors to this city have been greatly surprised to find in this show the same acts seen in the vaudeville houses of the larger cities, and at three or four times the price charged here. This week no less than three of the five acts presented are those which figure in the big houses, regularly devoted to this branch of the profession, as headliners, and drawing heavy salaries.

A second great feature of this week's show is Miss Myrtle Byrne, the rifle expert, probably the cleverest woman shooter on the stage. She does things with her little guns which are of incredible of belief, and it seems at times as if she must have the assistance of some confederate, or resort to trickery. But neither in the case, as she shows very plainly in following shots.

Hayes & Alpoint, too, have played several protracted engagements at Hammerstein's, in New York, and they are always sought for on the big circuits, where they are often played as "special added attractions." Little Joe Alpoint is a wonder, and has more fun in his makeup than a dozen big able bodied men. Their sketch is wonderfully clean and neat, and one of the most pleasing features of a bill which is remarkable for its strength.

Matinees daily are at 2:15, and children are admitted at half price. Evening performances are continuous, and start at 7:15, so that you can drop in at any time, and stay as long as you please. The price—oh, that's really too small to talk about. It's only ten cents, afternoon or evening.

HOADLEY OFFERS \$1,000 TO PROMOTE USE OF SAFE BOATS

George W. Hoadley, president of the British & American Manufacturing Co. of this city, offered \$1,000 for the purpose of stimulating wholesome racing with the right kind of boats, at the dinner of the Bridgeport Yacht club, in the club house at Black Rock, last night, following a speech by former Commodore T. H. Macdonald of the American Graphophone Co., in which the latter advocated a boat of the Cape Cod type, roomy and beamy. Commodore Henry A. Bishop will name a committee to consider the best means of profiting by the offer of Mr. Hoadley.

CHRISTIAN SCIENCE AND "BREAD PILLS"

To the Editor of the "Farmer": Sir: Dr. Richard C. Cabot's article on "Medical Lying" which was printed in your issue of the 24th, contains an inference that Mrs. Eddy's teaching is in the same category with the doctors' "bread pill." The fact of the matter is, that the treatment in Christian Science consists of eliminating fear from the thought of the patient, uplifting faith and hope to a final realization of God's power to heal, thus producing on the body the effect of normal functional action. A Christian Scientist never resorts to deception, but heals on the basis of scientific, demonstrable truth. Sincerely, FREDERIC C. HOTCHKISS.

A Little Bedbug on Your Pillow

is not a pleasant discovery. It may mean a number of them, ready to disturb your slumber and mark your face with beauty bites. Don't stand for them, the bites are painful and are a proof of carelessness. A can of Presto Killer will clean any bed effectually. Only 25c.
